High School Diploma
Graduated: [Insert Graduation Date]

Work Experience

Full-Stack Developer
Saints Company | Kigali, Rwanda
December 2022 – Present

- Designed and implemented scalable web applications for various client projects.
- Developed responsive front-end interfaces using React.js and managed server-side functionality with Node.js and Express.js.
- Integrated REST APIs and ensured robust database management with MongoDB.
- Collaborated with team members to optimize performance and deploy solutions on time.

Projects

Clothes Full-Stack Project

- Built a comprehensive e-commerce platform for clothing using React.js, Node.js, Express.js, and MongoDB.
- Implemented features like user authentication, dynamic product listing, and secure payment integration.

Food Delivery Project

- Developed a food delivery web app, enabling users to browse menus, place orders, and track deliveries in real-time.
- Ensured seamless performance with a React.js front-end and a Node.js back-end.

Short Game Project

- Created an interactive game focusing on user experience and dynamic functionality.
- Utilized modern JavaScript techniques and ensured optimized performance.

Skills

- Programming: HTML, CSS, JavaScript, C++

- Front-End: React.js

- Back-End: Node.js, Express.js

- Database: MongoDB, MySQL

- Tools: REST APIs, Git, GitHub
